\* Assuming 100GB per VM

\*\* Assumptions: 100 GB average VM size, weekly full, with incremental daily.

\*\*\* Each Veeam Backup for Office 365 Server can manage up to 16 000 objects. If the average user uses 3 objects then roughly x 5300 Users per VBO server. An object is: Mailbox, Archive Mailbox, OneDrive for Business, Sharepoint Site, Personal Sharepoint Site, Teams Data.

\*\*\*\* Veeam Instance Licensing is a single type of licensing for all workloads, including physical, VMware, Hyper-V and Azure workloads, on-premises and across public clouds. Refer to Veeam Licensing terms and conditions.
